

38th Annual Range and Natural Resources Camp

When:

June 19-24, 2022

Where:

Elkus Ranch
Half Moon Bay, CA

How much:

\$500 (sponsorships
accepted)

Applications Due:

May 1, 2022

Camp Dates: June 19-24, 2022

Applications Due: May 1, 2022

RANGE CAMP IS IN PERSON! APPLICATIONS ARE AVAILABLE NOW ON OUR WEBSITE

Thank you for your interest in the California Range and Natural Resources Camp (Range Camp).

This program is organized by UCCE Livestock and Natural Resource Advisors and Cal Poly Range professor. Our goal has been to introduce students to the professional world of plant, animal, and landscape management. To do this we invite experts in scientific disciplines related to wildlife, forestry, rangeland, and plants, as well as experienced

professionals who are involved in managing resources of these kinds on a daily basis. We aim to make the camp a fun experience for the campers, and interesting as well. One of our goals is to send you home with a useful understanding of the great diversity of career opportunities that are available, and the different paths through colleges and universities that can take you there.

The camp is run by a group of volunteers who take our personal

time to organize each year's event and serve as primary staff for all or parts of the camp week. We do our best to limit costs to the greatest extent we can without undermining the educational and social experience of the program.

If you have any further questions, please feel free to contact the Range Camp staff at rangecamp@ucanr.edu

What is Range Camp?

Range Camp is a week long program that consists of lectures, hands on activities, a ranch tour, BBQ at the beach, group projects, a plant identification test, and a final exam. At the end of camp the three Top Campers are invited to represent CalPac SRM at the annual Society for Range Management's High School Youth Forum.

During camp campers should expect to do hands on projects each day associated with lectures that

often includes digging a soils pit to examine and compare soils, hiking local trails to learn plant families and names, completing an inventory of a local stream to determine creek health, learning wildlife survey techniques, etc.

“By the end of the first day, I was falling in love with range camp and everything I never knew California possessed... Range Camp has enlightened me. It has changed me. It has permanently made me a ‘happy camper’.”
~Terilyn Chen

Where is Range Camp Held?

Range Camp is held in Half Moon Bay, California on the University of California Cooperative Extension’s Elkus Ranch Environmental Education Center. Please note that applications should NOT be submitted directly to Elkus Ranch. For additional information regarding Elkus Ranch please visit http://ucanr.edu/sites/elkus_ranch/.

Eligibility

Age requirement: In order to be considered for Range Camp the applicant must still be in high school, but have completed the 9th grade by the start of camp. Students who will have graduated high school before Jan 2018 will not be eligible to attend the High School Youth Forum, in the event they win the Top Camper contest.

Camp Cost

The camp fee is \$500.00. This includes meals, lodging, recreation, and transportation costs while at camp. Transportation to camp from the camper’s home on Sunday and

returning from camp on Friday is not included in the camp fee. Arrangements can be made with the camp staff to shuttle campers between the camp and

the San Francisco Airport or the Emeryville Train Station. Emergency medical insurance is provided through UCANR.

Sponsorship

Majority of camper receive sponsorship from local organizations, such as Resource Conservation Districts (RCD) to cover the camp fee. We encourage all campers being sponsored to give a presentation to the board of the sponsoring organization after camp

is over. This helps the board members understand what Range Camp is and can help interested participants in the future get sponsorship.

Range Camp will help facilitate coordination with local organizations but it is up to the appli-

cant to develop and secure those relationships.

Students who would like help finding sponsors should contact rangecamp@ucanr.edu

Applications

On average, about 25 campers from across California and Hawaii attend camp each year. Those students not selected for this year’s camp are encouraged to apply for future camps.

Application for Range Camp is on the Camp’s website: <https://ucanr.edu/sites/rangecamp/>

All forms that need to be included are also found there, and can be uploaded with your application.

Applications can be emailed to range.camp@gmail.com but please remember to submit your Liability and Medical Release Forms .

Applicant Selection

- | | | | |
|--|--|---|------------------|
| Space is limited to 20-25 students each year. | previous year's waiting list | sentativeness (including HI students) | 5) Gender equity |
| Applicants are selected based upon the following criteria: | 2) Senior students given priority (last year of eligibility) | 4) Preference given to those who have not attended previously | |
| 1) Carried over from | 3) Regional repre- | | |
